OFFICIAL PAPER OF THE CITY OF DIXON BY ACT OF CITY COUNCIL

Telegraph Sixty-First Year

DIXON, ILLINOIS TUESDAY NOVEMBER 26 1912

Dixon Daily Telegraph Twenty-Ninth Year No. 279

## COLD WELCOME FOR LIGHTING QUESTION

FOUR MERCHANTS OUT OF 137 ATTENDED CONFERENCE LAST NIGHT.

### SAMPLE BLOCK GETS LIGHTS

I. N. U. Will Install Six Lamps on First Street Between Galena and Hennepin for 60-Days Trial—Is Up to the Merchants.

"Many were called but few responded." If any text were needed for last night's meeting of the city council, the foregoing would probably be the most fitting, for of the 137 professional and business men asked to meet there last evening with officials of the Illinois Northern Utilities company and the commissioners to discuss the ornamental lighting system, but four responded.

The council quickly cleared the boards for the presentation of the lighting question, the sole business being the approval of the minutes. General Contract Agent C. B. Yonts of the I. N. U. was present and explained his proposition.

#### Lights on Trolley Poles.

He stated that the company would like to place ornamental brackets and high efficiency luminous are lights on the trolley poles, thus avoiding the cost of ornamental posts, and making the trolley poles ornamental. He explained that inasmuch as Dixon was the headquarters of the I. N. U., it was the wish of the company's officials that nothing but the very best lights be installed here, and for that reason the company would make an exceptional price both on the lamps and brackets and the operation and maintenance.

Therefore, it is thought best that the high efficiency luminous are lights be used for the ornamental lighting here instead of the old style tungsten lamps. The luminous are lights are the latest innovation of the General Electric company, said Mr. Yonts, and are being used extensively in the east, as their light is a widely diffused, perfect white light.

#### Quotes Prices.

He told the commissioners it would cost \$60 each to install these lights and brackets on the trolley poles and that the cost of operation and maintenance would be about \$50 per year for each light. It is proposed to place six lights to a block on the streets where there are trolley poles, three on each side of a street. Thus the cost would be approximately \$20 per 20-foot frontage and the cost of operation would average \$10 per year per 20-foot front.

#### Mr. Allen Talks.

Mr. Yonts then introduced Mr. Joseph Allen, a representative of the General Electric company, who described the new lamps, and answered several questions which the council asked him. However, the commissioners wanted to be shown that the business men of the city really wanted the ornamental lighting. Mayor Brinton expressed their views when he told the company representatives: "As far as I can see this is not a matter for the council at all. It's up to you fellows to convert these merchants. We tried to do it about a year ago, and but very few of them showed any interest at all."

#### DeKalb Gets Lights.

Mr. Allen explained that the city council of DeKalb had picked the luminous are lights, and that the entire business section of that city will soon be lighted by them. He stated that in that city the merchants were purchasing the lamps and paying for their installation and that the city will pay the cost of operation.

However, inasmuch as there was no organization of the business men to present any proposition to the council the commissioners gave the company permission to install a sample block of the new lights, which will be done as soon as possible, after which an effort will be made to interest the business men.

#### Will Install Six Lamps.

The block to be lighted is that between Galena and Hennepin avenues on First street. Six lamps will be installed there and allowed to operate

## PROGRESSIVE LOVE FEAST NEXT WEEK

LEE COUNTY PROGRESSIVES TO HAVE BANQUET IN DIXON ON DECEMBER 3RD.

The evening of the 3rd of December has been selected for the Love Feast, ratification meeting, clan gathering and general powwow for the progressives of this county. On Tuesday evening, in Charles Self's cafe and confectionery establishment, a banquet will be served to all the Bull Moose committeemen, leaders, etc., in this county, and the invitations have been extended to officials such as Roy Hunt, senator from DeKalb county; Coroner Geo. Stephan and Isaac Evans. The Dixon committeemen are the instigators of the affair.

There will be toasts, speeches and general discussions, and the meeting promises to be a good one. From the acceptance of the invitations already in, it is believed there will be about 50 at the table.

No definite plans for the future will be made at the meeting, but the recent campaign will be discussed and the outlook and prospects for the next one will be talked over.

## BOARD AWARDED SEWER CONTRACT

RINK & SCHNELL GET JOB ON DEMENT AVENUE FROM 2ND TO 4TH STREETS.

The local improvement board held a short meeting last evening, when they awarded the contract for a sewer on Dement avenue, between Second and Fourth streets, to Rink & Schnell for \$690.25. This proposal was submitted some time ago but the board refused to award the contract until they had consulted with City Attorney Keller, as the bid was over the engineer's estimate of \$615.90. However, the residents of the street have been exceptionally anxious to get the sewer and they have offered to pay any additional costs.

## CUSHING REMAINS 'TIL FIRST OF YEAR

CAPTAIN OF CO. G WILL RETIRE THEN WITH RANK OF MAJOR—SOPER IS MENTIONED.

Because of existing conditions, the heads of departments have deemed it advisable that Capt. Samuel W. Cushing remain in command of Co. G until the middle of January or the first of February. Accordingly Mr. Cushing will retain the captainship until that time, when he will be retired with the rank of Major. Before leaving the service, however, Captain Cushing will call a special election to choose his successor, and it is understood that Second Lieutenant Elijah Soper, whose service with the militia has been most successful and a credit to him, has been mentioned as a likely candidate for the captaincy.

Many Dixon families got the Thanks giving dinner at the fair last evening and the committee in charge announces that the biggest consignment of fowls of the week will be on hand tonight. The duck pond is some hit, too. Eli Rsenthal makes the best kind of a duck trainer and his headquarters were surrounded all evening. Turkey is to be high priced. All right. We like chicken better any how.

We lamp by the Whiteside Sentinel, the paper that Judge Lennan Ryan is operating at Morrison, that Simon Stapleton has entered a contract with Clinton parties to have a new mental ceiling.

Without mentioning any names, we observe that there are numerous parties in these parts who must have "mental ceilings." We don't mean the old hard-heads, either.

A very good fireless cooker can be made out of an old soap box and a cents worth of hinges and other hardware. Inside the box place a large tin can and pack hay or straw about it. It will then cook food as satisfactorily as any high priced cooker, which may not be saying very much.

Any Tommy Huggins had to stay after school because he described a caterpillar as "a upholstered worm."

**MINE CAVE-IN CATCHES 50**

Barnum Coal Company at Pittston Has Near Tragedy.

Wilkesbarre, Pa., Nov. 26.—Fifty men were caught behind a cave-in at the No. 2 mine of the Barnum Coal company at Pittston. Thirty of the men were taken out, some of them severely injured. Others managed to make their own way out. It is not known whether any more men are in the mine. Rescuers are at work.

**WANT FEET THAT NEVER HURT YOU?**

25 CENT JAR OF EZO FOR THE FEET BANISHES ALL MISERY.

George Umoltus Latrobe, Pa., spent \$700 for foot remedies. He had stood on his feet for years; one jar of EZO and he ran and jumped like a boy.

Pretty strong talk; but it's true, and if you suffer from tired, sore, weary, aching, burning feet or from Corns, Bunions or Callouses get a 25 cent jar of EZO for the feet.

It's a refined ointment and if it doesn't banish all misery and make your feet feel strong and fine Rowland Bros will gladly give you your money back. No fussing—just rub it on. Use it for rough skin and chaps; it's splendid. All druggists.

**ODD SUIT AGAINST DOCTOR**

Surgeon Must Pay for Accident to Patient During Operation.

Paris.—A curious action against a doctor considered of great importance from the standpoint of the responsibility of surgeons has just been fought out in the Paris law courts.

A few weeks ago a doctor was called upon to perform an operation for appendicitis on a hospital patient. The latter's body, in accordance with the general rule in such cases was previously rubbed over with alcohol, but owing to the peculiar conformation of the man's side, some liquid remained in a small hollow instead of being wiped off again.

Before using the scalpel the director decided to burn away a small outer turnover, which might have infected the wound, but in doing this he set fire to the spirit, causing the patient severe injuries. Medical experts, who investigated the affair for the hospital authorities, reported that the burns were due to the patient's abnormal shape, were, so far as the doctor was concerned, a pure accident.

On the case being tried before the Paris courts, however, the latter decided that for the patient's body to be of slightly different shape from normal does not relieve the surgeon from any of his responsibilities, since he has every opportunity of observing what these differences are, and therefore awarded the patient \$3,000 damages.

New York, Nov. 26.—Former City Chamberlain Charles H. Hyde, met the bribery charge on which he is being tried before Justice Goff and a jury by a sweeping denial of everything charged in the indictment. He answered the assertion of Joseph Robin that on the evening of August 22, 1910, Hyde had forced Robin to loan \$130,000 of Northern bank funds to the tottering Carnegie Trust company, headed by William J. Cummins, the former Nashville banker, by swearing that at the hour named by Robin he, Hyde, was at his home in Roslyn, L. I., dining with his family.

**DIXON OPERA HOUSE.**

Interest runs high in the announcement that "The Sweetest Girl in Paris" will be seen at the Dixon opera house Monday, Dec. 2. This popular musical comedy will be brought here by Manager Askin in all its magnitude and splendor with the original star and production that played for more than nine months at the LaSalle opera house, Chicago. Unlike the usual output of plays with music and song, The Sweetest Girl in Paris ranks far above anything yet seen on the road, as the authors, Messrs. Burkhardt, Howard and Davis, have constructed an extravaganza which is preeminent in musical comedy, as it is said to be a distinct novelty and a real departure from everything heretofore achieved in this line of entertainment. Manager Askin has gathered a company of acceptable able people in musical comedy which will number nearly seventy.

**PRINCESS THEATRE.**

The Princess theatre will offer for Thanksgiving matinee and night, Thanbouser's sumptuous photoplay, The Woman in White, in two reels. It is an intensely interesting love story with scenes laid in England, near the vicinity of London, and it deals with the love of a beautiful young lady for an artist, whom she would not marry, as her father had chosen for her another suitor.

**To the Members of Camp 50, M. W. A.**

There are now two men named Talbot and Hawes, who thought it great fun to make Woodman laws;

That would raise the rates on the members old,

From two to three and some four fold.

They could not change it, so they said,

They must have that much or the order'd be dead.

That regardless of petitions or regardless of laws,

We will have that rate, so said Mr. Hawes.

But the courts have decided that we need not pay

And for once the head camp can't have their way.

We will pay the rates we have had this year,

With nothing to worry and nothing to fear.

Till the next convention and I have a hunch

That we will get the "goat" of the whole blamed bunch.

We'll tell them to go to the woods so brown,

Away out back and then sit down, And think what the verdict might have been

If they had worked for the order like honest men.

For the time will come for me and you

To bid them all a fond adieu.

Now let all cheer up and together work

Is the advice today of your Woodman Clerk.

## **LET US HAVE BRICK.**

The board of local improvement  
 is making a desperate effort to get  
 some brick paving laid on the street  
 of Dixon, and with due respect to  
 the citizens who are objecting, it  
 seems to us that the commissioner  
 are right, and that the brick paving  
 should be put in.

It is true that the first cost of the  
 brick paving is high, but it is not ex-  
 cessive, and the first cost is the last  
 cost. Furthermore, the money that  
 is put into the paving is returned by  
 the increased value of the property.  
 The assessment does not have to be  
 paid at once, but may be divided up  
 into ten annual payments. This pla-  
 lightens the burden and makes the  
 expense far less noticeable.

The board is not composed of a  
 trio of man-eating, flinty-hearted  
 hold-up men whose aim in life is to  
 steal the savings of years from the  
 widows and orphans and helpless  
 gentlemen. No, strange as it may  
 seem to some of us, the men who are  
 fighting to get this paving in are  
 simply business men of brains and  
 experience who are spending their  
 time and making enemies for a ri-  
 diculously small compensation, through  
 their loyalty to Dixon and their de-  
 sire to be residents of a city that

looks like a city, and not like an Ar-  
 ansas settlement.

Any and every street that is trav-  
 eled considerably should be paved  
 with brick. There is not another town  
 in northern Illinois that, compara-  
 tively speaking, has as small a mil-  
 ledge of brick paving as Dixon. It is a  
 shame to have to admit it right out  
 and this way, but it's true. Sterling,  
 not counting Rock Falls, has seven-  
 teen miles of brick. Dixon has about  
 eighteen blocks, not miles.

Sterling papers, please do not  
 copy.

## **AMBOY NEWS ITEMS**

Amboy, Nov. 26.—Joy Hoover of  
 Princeton, Ill., was an Amboy caller  
 the first of the week.

Mrs. Warren Fessenden is still a  
 patient at the Amboy hospital and  
 her friends hope for a speedy recov-  
 ery for her.

Mr and Mrs. Addison Kiefer, and  
 family of Marion township, who suf-  
 fered the loss of their farm resi-  
 dence and most of its contents by  
 fire, the first of this week, are con-  
 templating to rent the Baptist par-  
 sonage and on Mason street and move  
 there in the near future. Mr. Kiefer  
 will no doubt have to fix up tempo-  
 rary quarters on the farm so he can  
 arrange to stay there for a short  
 time, at least, and attend to the  
 farm, but the family will probably  
 move to town soon.

The Thanksgiving services this  
 year will be held Thursday evening,  
 Nov. 28, in the Congregational  
 church.

The choir will give a special mus-  
 ical program and will be assisted by  
 Walter Aschenbrenner of Chicago,  
 who will play a violin solo, and  
 there will be a trio, duet and solos,  
 besides the choir's anthems. Every-  
 one is cordially invited to attend  
 these services.

The Amboy Public Library has  
 ordered a list of new books, which  
 will probably arrive in the near fu-  
 ture.

Mrs. Winslow Dewey, and Mrs.  
 Chas. Davis pleasantly and uniquely  
 entertained the members of the  
 Embroidery club, of the Arbutus  
 chapter, Order of the Eastern Star,  
 at Masonic hall Thursday afternoon,  
 from 3 to 5 o'clock. Guessing con-  
 tests took up most of the afternoon,  
 the party being in the form of an  
 Advertisement party. Nearly all the  
 guests were attired in some manner,  
 representing and advertising some  
 product or some certain firm, etc.  
 Then there were ads cut from mag-  
 azines, advertising Diamond Dyes,  
 Sapollo, Sherwin Williams Paint,  
 Bakers' Cocoa, etc. The ladies who  
 won the prize for the getting the  
 answers correct were Mrs. A. Carmi-  
 chael, and Mrs. M. A. Green, who  
 was one of the guests of the after-  
 noon. One of the other contests in  
 in guessing was the names of the dif-  
 ferent authors and writers. A two  
 course luncheon was served and the  
 guests departed after an afternoon  
 of much mirth and amusement.

The new bungalow being erected by  
 John McKimmon of the Sanitary  
 Creamery Co., on the lot which he  
 owns on Adams avenue, is very near-  
 ly completed and is certainly a beau-  
 ty in style and architecture as well  
 as being very comfortable and con-  
 venient throughout.

Rev. Appelman has been absent  
 from the city for a couple of weeks  
 and his pulpit at the Congregational  
 church has been filled by Chicago  
 pastors during his absence.

Santee Roland of Sioux City, Ia.,  
 came out from Chicago, Tuesday,  
 and spent the day with his cousin,  
 Mrs. G. M. Finch and family of north  
 of town.

## **NEW FASHIONS IN MEN'S HATS.**

Another radical departure has  
 been presented in men's hats in the  
 form of a derby. This new style,  
 which is about to supersede the low  
 crowd, wide brim stiff hats that have  
 been worn for several seasons, is now  
 shown for the first time by Valle &  
 O'Malley. The new stiff hat has a  
 very high receding crown and narrow  
 brim and is similar to the fashions  
 in vogue several years ago. While  
 the styles are extremely opposite to  
 those worn now, they are very gen-  
 tle and pleasing and are sure to  
 meet the popular fancy.

Don't fail to attend the concert un-  
 der the auspices of St. Agnes Guild  
 at the Baptist church tomorrow eve-  
 ning.

## AUSTRIA-SERVIA TROUBLE BREWS

Affair of Francis Joseph's Consul, Arrested by Serbs, Menaces.

## GERMAN NATION IS NERVOUS

Teutonic Press Sees Possibility of a General European War If Representatives of Powers Lose Their Self Possession.

Belgrade, Nov. 26.—Following a cabinet council at which King Peter presided, the government decided to notify Austria that Serbia cannot definitely define its attitude on the matter of Adriatic ports until the end of the Balkan war.

Vienna, Nov. 26.—While the problem raised by Serbia's demand for an Adriatic outlet may be solved by diplomacy, the affair of Austrian Consul Prochaska, who was arrested recently by the Servians, remains at the danger point, and is causing exasperation here. It is even asserted that Prochaska is dead and that messages signed by his name are forgeries. It is certain that the Servian officials are placing every obstacle in the way of Austria's securing information regarding the consul's fate. The Austrian foreign office emissary, Edl, sent to get in communication with Prochaska, has arrived at Uskub en route to Prisrend, where Prochaska was stationed, but was detained by Servian officials who told him railway communication was interrupted. Edl, after waiting 24 hours, declared his intention of proceeding to Prisrend whether trains were running or not.

## Turks Hatch Out Bomb Plot.

Constantinople, Nov. 26.—A bomb plot against high officials of the Turkish government has been discovered here as a result of a searching investigation that was begun immediately after the arrest of Young Turk leaders a week ago. One of the leading conspirators has fled, while 400 others have been tried by court-martial and exiled to Konia, many of them being banished for life. The plot was aimed at proclaiming a Turkish republic and the placing of bombs was a ramification.

## German Press Sees Big War.

Berlin, Nov. 26.—The German press sees the possibility of a general European conflagration if the representatives of the powers lose their self-possession.

A report that German staff officers have been forbidden to leave the city and that the East Prussian army corps has been mobilized is strenuously denied in official quarters, but the whole city is throbbing with uneasiness.

To allay national nervousness the German government finds it necessary to make the following announcement in the official Nord Deutsche Allgemeine Zeitung:

## Government's Announcement.

"The Berlin Bourse has been influenced by misleading reports. First, that Sazonoff four days ago changed his attitude in the Serbian port question. This is untrue because the powers agreed not to commit themselves in advance on any of the Balkan questions. Second, that Austria-Hungary had mobilized five army corps. This does not correspond with the facts, as everyone may gather from the official Vienna and Budapest explanations. Third, that Austria-Hungary contemplates sending an ultimatum to Belgrade in a few days. This assertion is untrue for the Albanian and Adriatic questions will be discussed only with other questions arising from events in the Balkans.

"It is particularly irresponsible to disturb public opinion with such untrue reports at a time when the governments of all the great powers are earnestly endeavoring to find a pacific solution of truly difficult diplomatic problems."

## MONON TRAIN IN WRECK

Coaches Roll Over on the Monon Railroad at Ellettsville, Ind.

Bloomington, Ind., Nov. 26.—Monon passenger train No. 3, southbound from Chicago to Louisville, was wrecked at Ellettsville, seven miles north of here. The wheels of the baggage coach opened a switch and all the coaches, including four sleepers, were rolled on their sides. None of the passengers were severely injured, but all were shaken up. The train was in charge of Conductor Richard Strain of Chicago, who escaped unhurt.

## Pick Jury to Try Hawthorne.

New York, Nov. 26.—A tentative jury was picked in the federal court before Judge Hough to try Julian Hawthorne, son of the famous novelist and his associates in questionable mining transactions, for their alleged illegal use of the mails. They are charged with having sent through the mails descriptive literature with which they defrauded investors out of about \$3,000,000.

U. S. to Sue United Fruit Company. Washington, Nov. 26.—The department of justice will file suit against the United Fruit company under the Sherman anti-trust law in New Orleans, probably within the next three weeks.

## REIGN OF TERROR PLOTS UNFOLDED

Following Times Blast McNamara Wanted to Destroy Los Angeles.

## ALSO PANAMA CANAL LOCKS

Plans for Wholesale Robbery to Obtain Money to Carry Out Murderous Designs Are Revealed at Trial of Alleged Dynamiters.

Indianapolis, Nov. 26.—Stories of how the McNamaras, after the destruction of the Times, hatched the plots for more extensive violence and more desperate deeds than they had attempted before were related in federal court by Ortie E. McManigal.

A plot to destroy the whole city of Los Angeles by explosion and fire, to make history on the coast date from the destruction of that city, instead of from the date of the San Francisco earthquake, was among those of which the dynamiter told.

In desperate desire to carry out this dynamiting program, if the executive board, as he feared it would, cut off the money supply, John J. McNamara was ready to resort to the “hold-up” or highway robbery to get money, said his former companion, in crime.

Planned to Blow Up Canal Locks.

How J. J. McNamara sought to get McManigal to go to Panama to blow up the canal locks under construction by the McClintic-Marshall company, was another interesting episode in the conspiracy, as related by the dynamiter.

The conversation in which most of these plans were disclosed, said the dynamiter, occurred at the international headquarters in this city, April 7, 1911, only five days before J. B. McNamara and Ortie McManigal were arrested at Detroit.

J. J. McNamara while he, (J. B.) and McManigal were talking, said the witness, remarked that he had a scheme for Los Angeles, the plan being to get three or four “good fellows” locate the aqueduct and principal water mains there, and put charges under them. Then, by using Schmidt's device for setting fire to a building in several places simultaneously, by the use of the clocks, chemicals, fuses and cans, said the dynamiter, a number of big fires would be started in different places, and with the water supply cut off, the city would be wiped off the map.

McManigal to Panama.

If not sending McManigal on a hunting trip, said the witness, McNamara said he would send him to Panama to blow up the locks.

McManigal said he asked if the explosive would be carried all the way to Panama but J. J. said it was manufactured down there, and the dynamiter could steal a whole magazine and “dump it into the locks.”

## PICK HAWTHORNE JURY

WILL TRY SON OF FAMOUS AUTHOR AND ASSOCIATES.

Four Prominent Defendants Are Charged With Swindling By Use of the Mails.

New York, Nov. 26.—A tentative jury was picked in the federal court before Judge Hough to try Julian Hawthorne, son of the famous novelist, and his associates in questionable mining transactions, for their alleged illegal use of the mails.

They are charged with having sent through the mails descriptive literature with which they defrauded investors out of about \$3,000,000.

Hawthorne is alleged to have been the author of the mining "literature." In one prospectus he quotes his distinguished father as having said to him: "Whatever else you do, don't try to make a living by authorship." His associate defendants are: Josiah Quincy, former mayor of Boston; Albert Freeman, mining promoter, and Dr. William J. Horton, nerve specialist.

There are five indictments against the defendants. The mining companies involved in the alleged swindle are the Hawthorne Silver and Iron Mines company, the Terzagami Cobalt mines, limited; the Elk Lake-Cobalt mines, limited; the Montreal James mines, limited. The indictments charge that the stock of the Hawthorne company was absolutely worthless and that Hawthorne's name was used as "the come on" for investors.

## GIBSON VERDICT FAILS

Jury Unable to Agree in N. Y. Lawyer's Case.

Exciting Scenes Enacted in Juryroom During Night—New Indictment Awaits Attorney's Acquittal.

Goshen, N. Y., Nov. 25.—At 2:03 a. m. the jury in the Gibson case reported that it was unable to agree.

The struggle to reach a verdict during the night has been a noisy one. Jurors could be seen through an uncurtained and partly opened window shaking fists in each other's faces while they hurled profane epithets at each other.

"He's a guilty crook!" cried a juror, shaking his fist.

"We all know that," came back in reply.

And then after a jumble of confused voices came again:

"But there is the reasonable doubt," and again: "Can there be any doubt that he took the money?"

One hundred feet away at the other end of the courtroom Gibson, apparently confident as ever, with his wife at his side, sat in his cell awaiting the verdict.

Disagreement of the jury loomed up as the negative result of the sensational trial. With the jurors embittered as they were all hope entertained of a verdict was abandoned.

A warrant arrived here for the arrest of Gibson (in case of acquittal) on a charge of grand larceny. The indictment was found in New York and accuses him of robbing Hugh N. Trafor of \$17,000.
